Professor and Mrs. G. C. Banks entertained a group of college students at a picnic supper at their home on Sun street last Monday night, August 9. A devotional program, directed by Jo Ann Wesley, was presented. Guests were Dr. and Mrs. E. L. Shannon, Marcena Fowler,

Heien Carey, Betty Yarker, Jo Ann Wesley, Ruth Fields, Betty Daniel, Louise Antoin, Jean Pettman, Frances Pogue, Hildegard Easterling, Marie Voiers, Ruth Boggs, Lavina Waters, Harry Wesley, John Raines, Max Brand, Jack Collier, Wesley Pinkerton, Richard Dougherty, and Ed Shannon.

George W. Caudill was host at a garden dinner at his home on Main street last Friday when his guests were his sisters and brothers and other relatives. The chief features of the feast were Kentucky ham and home-made ice cream. The ladies of the party assisted Mr. Caudill in his preparation for the meals—yes, they had supper, too. Those enjoying the day were Mr. and Mrs. S. M. Caudill, Mr. and Mrs. C. P. Caudill, Mr. and Mrs. D. C. Caudill, Mrs. Maxine Collins, Mr. and Mrs. J. C. Blair, Mr. and Mrs. James Clay, Mr. and Mrs. John Barker and children, Mrs. S. P. Wheeler, and a sister, Mrs. Sarah Scaggs, of Kankakee, Ill., and a sister-in-law, Mrs. Mary Caudill, of Durant, Okla.

Glen W. Lane and daughter, Patay, left Wednesday for a ten days' visit with his mother, Mrs. Ara Lane, at Clinton, Ky.

(Continued From Page One) forement of State and Federal forest fire laws since March 1942 had aided greatly in the fire prevention campaign. Splendid cooperation of County, Circuit, and Federal Judges and Attorney resulted in the conviction of 46 persons for causing forest fires on or near the National Forest since March 1942. In addition to 40 persons and companies reimbursed the Govt. for expenses sustained in fighting the fires, one man sent to the penitentiary for incendiarism, and others "spent 10 to 20 days in local jail." Farmers have been so unusually careful in keeping their fires under control, that incendiaries, smokers and railroads are now the top three fire dangers in the Cumberland National Forest area. Special measures are now being planned to combat these risks, and even fewer fires are expected between now and June 30, 1944.

A Mercians-All

When fellows talk of going home, most of them think of it as when they last saw it but I know it is different and will be more so by the time I get back. I know all of you will be a little

older and changed in many ways but you will still have the things that count most with me. War is changing your life as much as mine but you are still home and keep that home for me as that is way I am here. We have epidemics of blues which last for the most part about a day and then they are over with no ill after effects but a strike back home in any section of a country causes a plague of blues that blows hot as hell for something to be done about it. A good bomb had on our field by the Axis would hurt us less than a strike in any key industry back home. I don't know a man in the army that would not gladly trade places with strikers and on the salary he is getting in the army. We feel that if we can give up freedom for the duration, they are apt abusing it during the time it is undergoing its greatest test and we are facing an enemy that can shoot to kill and we must meet him with things that will kill.

YOUR UNKNOWN SOLDIER

Pvt. George G. Hill, 22, of Morehead, Ky., son of Mrs. J. B. Roseff Route 1, Morehead, Ky., has arrived at Cox College, Cedar Rapids, Iowa for course of Army Air Force instruction lasting approximately five months prior to his appointment as an Aviation Cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools of the Flying Training Command for training in these specialties.

STATE SOIL CONSERVATION COMMITTEE OF KENTUCKY

Notice of Referendum On Creation Of Proposed Rowan County Soil Conservation District, Embracing Lands Lying In The County Of Rowan In The State Of Kentucky.

To all owners of lands lying within the proposed Rowan County Soil Conservation District comprising the territory described as follows:

All the lands lying within the boundaries of Rowan County, Kentucky, with the exception of those lands lying within the boundary of incorporated towns and villages within the county.

Notice is hereby given that on the 4th day of September, 1943, between the hours of 9 and 4, a referendum will be held in the said territory upon the proposition of the creation of the Rowan County Soil Conservation District as a governmental subdivision and a public body, corporate and politic, under the provisions of the Soil Conservation Districts Law of this State.

All persons, firms and corporations who shall hold title to any lands lying within the said territory are eligible to vote. Only such persons, firms and corporations are eligible to vote.

Voting "division and polling place for the referendum is as follows:

Division No. 1. Comprising lands in the County of Rowan; polling place located at Morehead, Rowan County, in the Court House.

Eligible voters residing within the proposed district shall cast their ballots at the polling place for the division which includes their land, or the greater part thereof. Eligible voters who will be absent from their division on the day of the referendum may apply in person or in writing to Leiland Hall, Route 2, Morehead, Kentucky, polling superintendent, for absentee ballots. Each applicant for an absentee ballot shall state his name, residence, location and acreage of land owned.

STATE SOIL CONSERVATION COMMITTEE.

By CHARLES FENNEL, Chairman.

The 'A and Eagle' Has Learned to Fly

Impassable roads? Mountainous territory? An urgent need to move fighting men, supplies and even jeeps by air? Our armed forces have found the answer. It is one of the thrilling new developments of the war—the use of gliders, which are now being produced in imposing numbers.

Can skilled metal workers and cabinet makers turn quickly from manufacturing refrigeration equipment to making glider parts? Yes indeed!

Our Refrigeration Division volunteered long ago to help Uncle Sam build gliders. The shops that once made equipment for ice cream and frozen food dealers the country over were revamped completely and old and new workers trained for this important enterprise.

INCIDENTALLY, our Refrigeration Division was created many years ago as a result of experience gained in making millions of tons of ice to produce the world's most popular beer.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of Rubber, Aluminum Munitions, Medicines, B-Complex Vitamins, Hospital Diets, Baby Foods, Bread and other Bakery products, Vitamin-fortified cattle feeds, Batteries, Paper, Soap and textiles—to name a few.

What You Buy With WAR BONDS
Beans
So long as a soldier can eat and turn up disparaging names for his equipment the Army will do all right. Food is either "beans," or "chow."
"Chow" may consist of a well cooked meal or it circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle.
With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy.
U. S. Treasury Department

FOR SALE
A ninety-six acre farm
located on Route 60, three miles west of Salt Lick. One Six Room house on the consolidated Route also a large blacksmith shop and good barn size 28 X 40 and a three room house—all are on the Highway. Electric is available, and good water.

There has been a gushing oil well on the farm.
Very reasonable price
Priced To Sell
LYDA MESSER CAUDILL

EVERY MISSION URGENT
ALMOST overnight the familiar tank-truck became a vital part of the nation's war machine—essential to the very life of the nation.
Every railroad tank-car is needed to haul petroleum products to the eastern seaboard. Therefore, the oil industry's own transportation system—the tank-truck—has taken over the short trips which were formerly made by many railroad tank-cars.
When you see the Standard Oil Company tank-truck on the road today, you will know that it is running against time to get needed stocks of petroleum products to military camps and fields, to war industries, to other trucks engaged in the transportation of a thousand war necessities, to farmers for their tractors used in food production, and to countless other places where petroleum is indispensable.
Round the clock faithful drivers operate these hard-pressed tank-trucks. Without the tank-truck war effort would lag—or stop! Every mission is urgent—many are vital.

"DAREDEVILS OF THE WEST"

Serial Chapter No. 10.

On Monday, August 9, the Boy Scouts of Morehead started on a camping trip. They chose a site on the North Fork of Triplet Creek near the Weaver hole.

They erected their tents on top of a small hill. There under the capable leadership of Mr. A. S. Ashley, Field Director, they had the time of their lives. In addition to being a week of fun much was done to make the boys better and more loyal citizens.

The boys were given instruction in handcraft, swimming, life saving, and first aid. They made their own wash stands and towel racks. Made steps up the hill, dug grease pits and garbage dumps. They really learned how to camp and live in the open.

The boys had a regular daily program: breakfast at 7, dinner at 12:30, supper at 6; swimming twice daily 11 to 11:45 and 4 to 4:45. They had their own good life.

Each boy had his turn at all the duties about the camp. These were cooking, getting wood and water and general cleanup.

A few of the boys suffered minor burns from popping grease at their first trial of cooking; this gave real practice in the first aid.

Each night by the light of a camp fire Mr. Ashley instructed

CARD OF THANKS

We wish to express to all our friends and neighbors, our most heartfelt thanks for their assistance at the time of the death of our husband and father, J. A. Allen. Words are inadequate to tell how much we appreciate your every act and words of comfort. We also wish to express our thanks to all who sent flowers or who assisted in any way.

MRS. J. A. ALLEN AND FAMILY.

FOR SALE

100 Acre farm, good house, barn, chicken house, all fenced some timber. Priced to sell. Located 3 miles beyond Elliottsville, Ky. See MRS. N. S. ASBURY, Morehead, Ky., Route 3, Box 512, H-40.

Jimmy Leach. Bernard Greer became ill the first day and had to leave.

The following were visitors Friday evening: Rev. Cooper, president, and Mrs. W. H. Vaughan, Mr. and Mrs. W. H. Rice, M. Croley, Russell Meadows, Austin Riddle, Mr. and Mrs. C. O. Leach, Carl Pais and Billy Fraley (Scouts), Jerry Riddle and Jimmy Clay. The following Cubs Scouts were visitors Friday evening: Joe Ed Fraley, Donald Burns, Poe Price, Billy Bottson, Earl Leach, Tommy Holbrook, Buddy McKinney, William Earl Clay, Jimmy Wellman, James Ellington, Melvin Laughlin and Kenneth Gop-paster. Most of the visitors had supper with the Scouts. After supper was over, all gathered around the camp fire and witnessed an excellent play by the scouts. Then by the light of the camp fire Johnny Croley and Earl Leach were made scouts in a very impressive ceremony. On Saturday morning, they broke camp and returned home.

Ferguson Funeral Home

Blood Plasma to War in Pulpwood

(Official U. S. Navy photo.)

THESE BLOOD PLASMA CASES of weather-proof paper board made from pulpwood, shown being delivered by Red Cross workers to a U. S. Navy medical officer, are going to war aboard a battleship. The large cases contain blood donations from twelve Americans; each bottle of blood plasma is in a separate carton, also made from pulpwood, and with it a pint of distilled water. The plasma and water are mixed to make fluid which is saving the lives of our wounded soldiers. Because of the growing shortage, the Government urges farmers and woodsmen to cut more pulpwood—see Victory!

Tires May Now Be Sold To The General Public

In a move to "free up" stocks of used passenger tires in dealers inventory and to make them available to the public, the Louisville District Office of Price Administration today announced a plan whereby these tires may be sold immediately to the consuming public. Mr. R. D. Heman, District Tire Rationing Representative, said "dealers having in stock used passenger tires that are not fit for recapping but which can be made serviceable for emergency use by temporary repairs may hand them with an 'OK' on the sidewall and sell them with or without repairs to consumer holding Grade III ration certificates."

Nationally the dealers inventory of these tires is about two million. No fair estimation can be given as to the effect this order will have in Kentucky, but it is believed that several thousands of tires will be made available. When these tires are branded "emergency tires" the dealers recently were authorized to buy from the defense Supplies Corporation through the Rubber Manufacture Association.

Another provision of the order states that a dealer branding

such tires in his inventory, must report to his OPA District Office not later than the 10th day of each month, the number brand-ed during the preceding month. The OPA further points out that these tires are definitely under price control ranging from \$3.50 for 600 x 16 smooth tread to \$8.10 for maximum tread depth of 7-32 of an inch or better. Other sizes are proportionately higher or lower.

Cords of Pulpwood=Cords of Shells

(Official U. S. Signal Corps Photo)

CORDS OF SHELLS protected by casings made from cords of pulpwood cut in farm woodlots of United States are needed for our armed forces along the road to victory. At the U. S. Army ammunition dump in South Carolina members of the U. S. Signal Corps "pass out ammunition" during recent maneuvers. They will pass it out guns to blast the Axis. Each shell casing is made of pulpwood which will make enough smokeless powder to fire two rounds of a 16-inch naval or coast defense gun. Cut more pulpwood and help win the war!

YOUR SAW CUT ONE WAR DEATH

GIVE IT 3 EXTRA DAYS

US VICTORY PULPWOOD CAMPAIGN

Quick Removal to Hospital Ship

U. S. Army doctors send the cream of their staff to front line evacuation hospitals. Quick treatment, prompt removal, saves hundreds of lives. Every modern surgical appliance known to the profession is at hand. Your War Bonds bought this equipment, but more will be needed urgently as the fighting tempo increases. Are you buying War Bonds to give our boys a chance for life? U. S. Treasury Department

U. S. Army Signal Corps Photo

American convoy, off the coast of Sicily, under bombardment from German planes. Behind the smoke and spray of battle 2,000 American and British soldiers stretch out beyond the horizon. Note the Army "duck" in the foreground; an amphibious truck for carrying men and supplies on land or water. Invasion will cost 10 million dollars an hour this year as the price of victory. Are you buying War Bonds to reach victory sooner? U. S. Treasury Department

Mrs. Grace Ford received word this week of the marriage of Miss Helen Lammons to Corp. Johnny Gallala, of Chicago, at Omaha, Nebraska, last Thursday. Miss Lammons is well known in ley, Junior Alfrey, Robert Gray, Morehead having lived here for over three years, at the Jack Wilson home. Corp. Gallala is stationed at the Selfridge Field, Mich., in the poisonous gases department where he is an instructor in their use. Mrs. Gallala will remain in Chicago during his stay in the army.

Mrs. W. L. Jayne, nee Mary Alice Calvert, was the honored guest at a household shower at her home on Wilson avenue last

Thursday evening, when the members of her Sunday school class of the Christian church greeted her on her return home. She received many lovely gifts.

Lt. and Mrs. Emil Caliendo will be as guests next week, his parents, Mr. and Mrs. Leo Caliendo, his sister-in-law, Mrs. Joe Jean and Bobbie, his brother, Angelo, and nephew, Leo Caliendo, all of Chicago. They will arrive Tuesday for a ten days' visit.

Raymond Allen left for Mansfield, Ohio, Sunday where he is working in a war production electric plant.

Misses Janis Ruth Caudill and Margaret Sue Cornette returned home Tuesday after a week's visit at the J. L. Boggess home in Willard.

Mrs. William Moran and daughters, Mary Ellen, Betty and Melva, of Newport, were Sunday guests of Mr. and Mrs. Jack Helwig.

B. W. Cornette, of Grayson, was a visitor at the home of his mother, Mrs. D. B. Cornette, on Saturday.

Mrs. E. Hogge is spending the week at Lexington, the guest of her son, Walter, and family.

Mrs. and Mr. J. L. Boggess, of Willard, were business visitors in Morehead Tuesday.

Hubert Allen, who was called home by the death of his father, J. A. Allen, last week returned to his army duties at the University of Chicago Monday. Hubert is in the metrology department. After finishing his exams this week he will be given an eight-day furlough.

Miss Nannette Robinson is spending the week in Grayson as the guest of her grandmother.

Mrs. W. C. Swift, Miss Mildred Blair and Charles Blair spent Thursday and Friday in Louisville.

Mrs. Lydia H. Ruder and daughter, Betty, of Cincinnati, W. C. conspired to spend a two weeks' visit with relatives here.

Mrs. Harold Blair and daughter, Mary K., of Jackson, are guests of Mr. and Mrs. Luster Blair, for the next two weeks.

Mrs. Edward Steiner entertained at Saturday afternoon in honor of her little daughter, Judy, who celebrated her fourth birthday. Refreshments of cake and ice cream were served. Mrs. Steiner was assisted by Mrs. C. B. McCallough and Mrs. Archie Williams.

Those helping Judy celebrate were, Judy Pennebaker, Gay Garred, Charles Bishop, Sutch Montjoy, Barbara and Ann Hyden, Elizabeth Roberts, Lydia Lou and Carolyn Sue Kash, Sue, Colleen and Sandra Montjoy, Sharon Leigh Williams, Wilma, Wilda and Jewel Guiley, Don and Paul Blair, Harry Ann and Patty Clay, Anna Meehan, and Randy Bertram.

Elwood Cornette, who is stationed at Camp McCall, N. C., is spending a fifteen day furlough with his sister, Miss Alma Cornette. Elwood has been in the service five months and is with the Glider service.

Lt. and Mrs. Ralph Carlson of the local Navy, have returned from a vacation spent near Chicago.

Master Tommie Pennington of Ashland, was the week end guest of Randy Betram at the C. D. Holbrook home.

Mrs. Evan Tomlinson and daughter, Betty, of Lexington, returned Friday from a two weeks' visit with relatives here.

Arthur Walter Waitner, of Morehead, is one of 117 students who received degrees from Kansas State College recently.

Waitner received a Master of Science degree from the School of Graduate Study at Kansas State College.

Rev. and Mrs. A. E. Landolt returned last Monday from a week's vacation at Chautauqua, Ohio. Rev. Landolt left Thursday for New Jersey to visit his parents, and Mrs. Landolt and Betty Rae are visiting in Lexington with her grandmother, Mrs. Rosa Rae.

Mrs. V. D. Flood, who returned from the hospital the first of last week where she underwent a serious operation, is getting along as well as can be expected.

Mrs. Opal (Epperhart) Stewart and son, John William, are in San Francisco, California, visiting W. E. Stewart, who is in the Navy, and stationed nearby.

Mr. and Mrs. Will Havens left Friday for their home in Indianapolis, Ind., after being called here by the death of his father, Joda Havens.

Miss Annabelle Glickerson, who is now Lt. Glickerson of the WACS, stationed in Miami, Fla., is enjoying a fifteen day furlough and is expected to arrive this week for a few days' visit with Mrs. Hartley Battison and family.

Aunt Alice Nickell has been quite seriously ill this week, but is slightly better at present. Mrs. Nickell is eighty-two years old, and although she is not well, she has been able to be around all the time until now.

Mrs. Glenn W. Lane and daughters, Sara Glenn and Patsy, returned Friday from a two weeks' visit with her brother, A. M. Alexander, in Huntsville, Ala.

Mr. and Mrs. R. J. Sharringer and small daughter, Mary Louise, left Thursday (today) for a ten days' visit with relatives

in Corthage, Tenn., where they will be guests of her father and in Nashville where they will visit his mother.

Miss Josephine Frances returned Sunday from Bowling Green, Ohio, where she has just graduated from the Bowling Green Teachers college. Miss Frances expects to teach this fall.

Mrs. Carrie Davis and young daughter, Hope, of Washington, D. C., are guests of her brother, Frank Havens, and family. Mrs. Davis was called here by the death of her father, Loda Havens, last week.

E. C. Lee Martin, who has been stationed at Camp Crowder, Mo., since his entrance into the Army, has been transferred to Camp Murphy, Fla., near West Palm Beach. Mrs. Martin and two small sons expect to join Mr. Martin in Florida and spend the time he is there, with him.

The Directions on Label

THIS COMMUNITY HAS A SPECIAL WAR JOB

THIS COMMUNITY is on the spot! We are in a pulpwood growing section and there is now a pulpwood shortage. The country needs vast quantities of pulpwood for explosives, rayon parachutes, gas mask filters, shipping containers and a thousand other uses — yet some of the mills that make these things are actually shutting down for lack of wood.

This is a desperate situation — a war emergency. Something must be done **QUICKLY!**

And only we who live in the pulpwood cutting areas can do anything about it.

This is **OUR** responsibility.

How the problem can be solved

Mr. Donald M. Nelson, Chairman of the War Production Board, gave the key to the solution in the following statement:

"If every one of the more than 3,800,000 farmers in the 27 pulpwood producing states were to devote 3 EXTRA days in 1943 to cutting pulpwood, we could overcome the threatened 2,500,000 cord shortage with wood to spare."

Will you enlist for 3 EXTRA days?

If you are now cutting pulpwood part time; if you have cut it in the past; or if you have never cut it but know how to use an axe and saw, will you pledge 3 EXTRA days (at regular pay) to meet Mr. Nelson's challenge?

Fill in the coupon. Mail it to this newspaper and you will receive the pledge badge which identifies you as a Victory Pulpwood Cutter.

This is a war emergency.

SEND FOR THIS BADGE TODAY

CHAIRMAN, NEWSPAPER PULPWOOD CAMPAIGN

Roacan County News, Morehead, Kentucky

I pledge myself to work at least 3 extra days during the balance of 1943 cutting pulpwood; I will use the badge which this pledge entitles me to wear

KENTUCKY is a Fighting State

—AND GREYHOUND BUSES ARE PART OF ITS FIGHTING POWER

Kentucky is America in cross-section — fighting mad and fighting hard, doing its level best to back up our troops across the seas with the home-front co-operation they must have.

All of us in Kentucky are putting the drive that counts behind the particular jobs that are ours to do—whether it's sending our men to the colors—building their guns and ships and planes—buying bonds—or moving manpower.

Kentucky men and women, loyal Greyhound employees, are busy keeping our buses rolling to help keep our war effort in high gear. They're driving the buses—keeping them mechanically fit—

conserving vital materials—giving wartime travel information—handling baggage.

As our share in this state's joint war program, Greyhound is taking our local boys to induction centers—and bringing them back home from training camps on well-earned leaves. "We are transporting our Kentucky neighbors to their vital jobs in war plants and on farms. We are keeping essential travel on the move—linking up this state with every other area where the Nation's war activities are centered.

Kentucky is in this fight to win—we didn't start the fight but we're fighting to finish it!

SOUTHEASTERN GREYHOUND LINES
